# METHOD: Workshops for young and adults

---

# METHOD: Workshops for young ....

# METHOD: Workshops for young ....

# Natural empathy

---

„...Young nature lovers' openness to discover its secrets independently is incredible. Therefore, we, adults face a responsible task: we must do our best so as not to waste their enthusiasm and to widen their horizons.”

# „Biodiversity - learn to keep” educational picnic

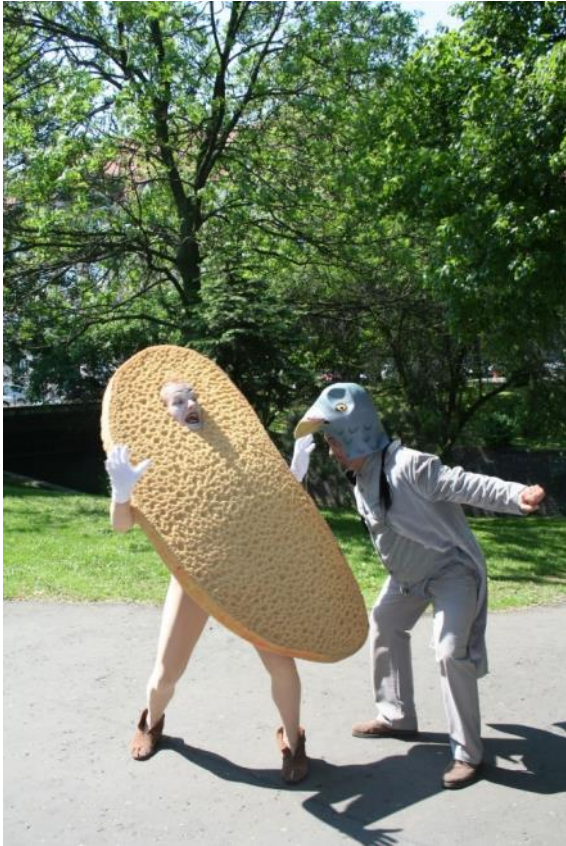

Green educator's work - not only daily one at the desk but primarily educational, with small groups, in green spaces and during spectacular undertakings emphasizing the value of nature.

# Different ways of educational activities

---

Happenings are spectacular events in the course of yearly tedious educational activities that facilitate a fast and clear message.

# With a head in the clouds

# Different ways of educational activities

---

# Pomeranian Complex of Landscape Parks in few facts

---

- We cooperate with local authority, higher education institutions, local society, business, NGO-s, and many different organizations.
- We cooperate or temporary employ up to 300 educators per year (especially within the framework of outdoor educational actions) – generating green jobs.
- Recipients of our activities:
  - Szymbark – 6 400 participants (301 groups)
  - Władysławowo – 8 000 participants
  - Schodno – 4 174 participants
  - CIEE - 15 000 participants

# Thank You
